WHAT IT IS FOR

Chlorine-active scented detergent gel for cleaning washable surfaces. Specifically formulated to remove grime (even pigmented) and mould from bathrooms, kitchens and even vertical surfaces by virtue of its gel consistency. Controlled-foaming makes it easy to rinse and suitable for use even with floor washer/dryers.

RECOMMENDED DOSAGE

For floors, dilute in water at a rate of 1 to 2%. Use pure on the other surfaces.

USE

Pour undiluted product onto the surface to be cleaned, leave on for a few seconds, wipe with a damp sponge and rinse with water. Use the product on floors in solution and apply with mop, fringe or floor washer/dryers. Do not use on wood, carpet or fabrics.
