DEODORIZING ODOUR CONTROL BIO-  
DETERGENT FOR KITCHEN ENVIROMENT

pH 8

H.A.C.C.P.

### WHAT IT IS FOR

Biological product for removing dirt and bad odours caused by organic residue or waste. Formulated for drains and garbage cans.

### RECOMMENDED DOSAGE

Dilute in water at 5% for floor cleaning. Use pure for deodorizing and surfaces cleaning.

### USE

To deodorize, spray directly onto the source of bad odour and leave it on. Repeat the operation if necessary. For washing, use a sponge, mop and bucket, fringe or floor washer/dryer. Leave on for a few minutes and rinse.
